Tour **Viking Range Corporation** plant and explore **Historic Downtown Greenwood** – In 1987, the Viking Range Corporation introduced professional cooking to the home, and gourmets the world over rejoiced. So they added a range top, then a dishwasher, a refrigerator and even an outdoor range. And along the way, they created their own culture of creativity and innovation. Now they're applying Viking perfection to new categories like cookware, cutlery, and small appliances.

***Note:** The group will have to be split in half for this tour. While the first half is touring the plant, the other half will have free time to shop and explore historic downtown Greenwood. Then, the groups will switch.
